●Gotham Gold Stripe is one of the two makers in America who make nothing but Ringless Children Hose and use Ringless machines exclusively.

●Gotham Stripe woven in the earlier hose stops all top runs. Plated foot for service—especially fine if you wear pumps.

●Woven on Ringless three-carrier machines the stockings have two good inches of elasticity and a two-way stretch that eliminates strain.

●The same silk that is used in Gold Stripe stockings regardless of price is used in this brand new 78c stocking.

Now! After 18 months of constant research and experimentation Gotham presents a low-price stocking worthy of Gotham Gold Stripe's name.

**New Gotham Gold Stripe
RINGLESS STOCKINGS****79c****3 pairs \$2.30**

Frankly, Gotham never produced a stocking to sell for less than 95c before because it was impossible to make a stocking worthy of the Gotham name for less. But 18 months of constant research and experimenting have brought their reward. Gotham has perfected manufacturing economies that make this new stocking possible.

The New NORGE RANGEWith the Exclusive New
SELF-LIFTING BROILATOR**IT IS EVERYTHING YOU'D EXPECT OF
A MODERN GAS RANGE PLUS THE
NEW CONCENTRATOR* BURNER**

●Every woman who cooks should see this new gas range by Norge. It is a revolutionary development in modern cooking equipment.

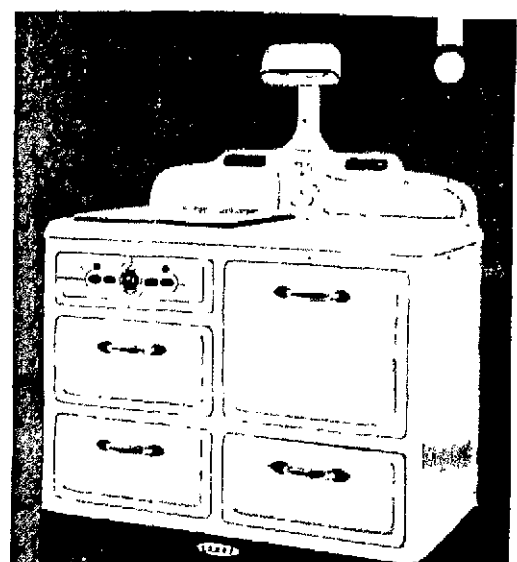

See this new Concentrator* burner which saves gas by applying all the heat to the bottom of the vessel, instead of allowing it to escape up the sides. See the new exclusive self-lifting Broilator, which uses a new principle of cooking to bring you a new taste thrill. See the new easy-to-clean oven with its rounded corners inside and out; with Norge approved heat control.

And in the part you don't see—extra quality everywhere. A rigid angle iron frame supports all weight, so that there is no strain on the porcelain parts. Extra heavy oven insulation prevents heat from escaping at the corners as well as through the walls.

See this sensational new range. Compare it with your present cooking equipment. Compare it with any other range you ever saw. Ask yourself if you do not deserve the new convenience and economy—as well as the better cooking results this range will give you.

Homegrown Strawberries Nearing End of Season

Marion market dealers today are making their last appearance of homegrown strawberries. The berries were better in quality than those of last year, and the season was longer. The berries were better in quality than those of last year, and the season was longer. The berries were better in quality than those of last year, and the season was longer.

Another item of general interest to those who can find it in the market is the fact that the strawberries are now being sold in Marion at a price of 15c per quart.

While the strawberries are still in the market, it is a good idea to buy them while they are still in the market, as they will be sold at a lower price than when they are no longer in the market.

NATURAL LAXATIVE FOOD WINS NATION
Kellogg's ALL-BRAN Helps Millions to Regular Habits
Millions have found Kellogg's ALL-BRAN thoroughly satisfactory for correcting constipation due to insufficient "bulk" in meals. In addition to its popular approval, ALL-BRAN has been accepted by science. Research shows it offers mild "bulk" to aid elimination. Also vitamin B and iron. The American Medical Association Committee on Foods has granted Kellogg's ALL-BRAN its Seal of Acceptance. This delicious cereal is also approved by Good Housekeeping Institute. Within the body, ALL-BRAN clears out the intestinal wastes. More effective than the "bulk" in fruits and vegetables, as it does not break down in the body. Isn't this food better than patent medicines? Unlike cathartics, it remains effective with continued use. Two tablespoonfuls daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor. Get the red-and-green package at your grocer. ALL-BRAN is much more satisfactory than patent medicines. Made by Kellogg in Battle Creek.

AND SEE HOW EASY IT IS!
4 cups prepared fruit
7 cups sugar
15 bottles Certo

To prepare fruit, grind about 2 quart ripe berries to pulp completely, one 15 min. so that each berry is reduced to a pulp. Measure sugar and prepared fruit to kettle, mix well, and bring to a full boil over hottest fire. To reduce foaming, spoon butter may be added. Stir can before and while boiling. Boil hard 3 min. Remove from fire and stir in Certo. Fill and seal by turns for just 6 minutes slightly, to prevent foaming fruit. Pour 4 quart jars hot jam at once. Makes 4 glasses (6 fluid ounces each).

AND FAR FINER FLAVOR!
Notice, too, how many glasses you get from such a small quantity of fruit . . . all because of Certo. You'll agree that it is amazing!
With Certo you never boil jellies more than 15 minute . . . jams only a little longer. The juice has no chance to boil away . . . That's why you get so much more jam or jelly than by the old, long-boil way—actually half-again more!

AND FAR FINER FLAVOR!
That's why, too, you get much finer flavor . . . all the flavor of the fresh ripe fruit. There is none of that "boiled down" taste. Certo, the pure fruit pectin that makes jelly making so easy, is a product of General Foods. Get it at any grocer's.

MAKE STRAWBERRY JAM THIS EASY WAY

"JUST THINK! WITH CERTO YOU GET HALF AGAIN MORE GLASSES OF JAM OR JELLY!"

NOW is the time to make jam and jelly
while your grocer has such wonderful berry bargains! And since it's so easy to make them with Certo, why don't you put up a big supply . . . Why don't you start a jam cupboard, that will keep you supplied the whole year through?
Just read that recipe at the right . . . See for yourself how simple it is . . . how little time it takes, with Certo's extremely short boil. Why, you can make up several batches, in just no time at all!
